

Magnificent mirror holds it's own with depth and smooth curves...

This initial offering from Bal Design proved to be the first of many works of art that just happen to be furniture as well.

Named, the Signature Mirror, this piece holds it's own in the largest foyers and reception areas, while gentle curves soften it for small to mid-size rooms. It truly is perfect for a private entryway, a master bath or a hotel lobby, the choice is yours.

Nearly 9" deep in curves, design simplicity is evident in this substantial mirror. Choose from hand-selected Cherry, Mahogany, Maple, Oak, Teak or Walnut woods. For an unmistakable statement, select one of the superior leather options, such as the red ostrich leather. The Signature Mirror truly supports the concept that less is more.

Approximate dimensions of the Signature Mirror are 62" W x 48" H x 9" d making it a must have for any space that needs the "wow" factor.
